

POST DESIGN SUPPORT

Post Design Support (PDS) ensures that all STS Defence products are maintained and upgraded through their life.

STS Defence has been providing PDS to the MoD for over 20 years. During this time, the company has become recognised as subject matter experts for Royal Navy UHF DAMA SATCOM systems installed in Surface Ships and shore establishments.

Key capabilities include:

- ◆ Project Management
- ◆ Technical Publications
- ◆ Obsolescence Management
- ◆ Secure Storage Facilities
- ◆ Spares & Repairs
- ◆ Personnel Training
- ◆ Worldwide Engineering Support

STS PDS department has years of industry experience and expertise in:

- ◆ Field Service
- ◆ SATCOM DAMA
- ◆ Reprographic Services
- ◆ Technical Training
- ◆ Repair & Refurbishment
- ◆ Government Hardware & Software
